

1.5" pole pocket

The diagram shows a curved banner template. It features a central text area with technical specifications and a list of requirements. A gray shaded area at the top represents the pole pocket, and a hemmed edge is indicated at the bottom right. A red dot at the bottom left marks a specific area where the material thickness is doubled. Red text annotations provide additional instructions regarding the placement of text and logos.

Full Graphic Size: 45.75" w X 86" h

Please add a 1/2" bleed around the perimeter of the graphic
