

MultiQuad™ Pricing  
Updated 07-02-09

\*All frames come standard with metal tape on all four sides for attaching Quads.

\*Standard frames are approximately 12" deep. MAX frames are approximately 23" deep.

\*Numbers indicate the width and height of the frame based on the number of front Quads it holds. (e.g., an MQ-F24 is 2 Quads wide by 4 Quads tall, while an MQ-F12 is 1 Quad wide by 2 Quads tall.

\*All frames, podiums and counters are priced without Quads.

92" Tall Frame Towers

			<u>Weight</u>
•	MQ-F14                      1x4 Standard Frame	\$ 650	18
•	MQ-F24S                    2x4 Standard Frame, single sided	\$ 750	24
•	MQ-F24                      2x4 Standard Frame	\$ 850	22
•	MQX-F14                    1x4 MAX Frame	\$ 750	
•	MQX-F24S                 2x4 MAX Frame, single sided	\$ 850	
•	MQX-F24                    2x4 MAX Frame	\$ 950	

\*All frames are double side ready except the MQ-F24S and MQX-F24S which can be made double sided with the addition of a 92" Vertical Support Bar (Item # MQ-VSB92).

46" Tall Frames

•	MQ-F12                      1x2 Standard Frame	\$ 350	09
•	MQ-F22                      2x2 Standard Frame	\$ 400	18
•	MQX-F12                    1x2 MAX Frame	\$ 500	
•	MQX-F22                    2x2 MAX Frame	\$ 550	

\*All 46" frames are double sided.

23" Tall Frames

•	MQ-F11                      1x1 Standard Frame	\$ 250	05
•	MQX-F11                    1x1 MAX Frame	\$ 300	

\*All 23" frames are double sided.

46" Tall Counters

•	MQ-F12C                    1x2 Standard Frame w/top	\$ 450	12
•	MQ-F22C                    2x2 Standard Frame w/top	\$ 600	21
•	MQX-F12C                 1x2 MAX Frame w/top	\$ 700	
•	MQX-F22C                 2x2 MAX Frame w/top	\$ 850	

\*Counters are simply 46" tall frames with counter tops.

\*Standard tops are black laminate. Custom colors available.

Podiums

•	MQ-POD1                    1x1 podium frame w/shelf, flush top	\$ 450	13
•	MQ-POD5                    1x1 podium frame w/shelf, overhang top	\$ 450	13
•	MQ-PODL1                 L-Shaped Podium with latch to connect tops	\$ 850	26

\*Standard shelf is black ABS. Custom colored and translucent shelves are available.

\*Standard tops are black laminate. Custom colors available.

\*The PODL1 consists of a POD1 and a POD5 with a latch to secure the tops together.

\*Overhang tops have one side flush and one side extending out past the frame.

---

### Podium Shelf Components/Upgrades

• MQ-PODS1U	Translucent shelf system - upgrade	\$ 50	N/A
• MQ-PODS1R	Translucent shelf system - replacement	\$ 100	
• MQ-CTCC	custom color laminate shelf upgrade	CALL	N/A
• MQ-SCCU	custom color podium shelf upgrade	\$ 40	N/A
• MQ-SCCR	custom color podium shelf replacement	\$ 80	

\*The translucent shelf system is a 2-piece podium shelf that can be up-lit. Item MQ-PODS1U upgrades a podium purchase. Item MQ-PODS1R is the replacement version.

\*Shelves come standard black. MQ-SCCU upgrades the shelf on a podium purchase. MQ-SCCR is a replacement shelf.

---

### Quads

• GRA-Q1	23" x 23" Quad w/reveals	\$ 95	1.65
• GRA-Q3	12" x 23" side Quad w/reveals	\$ 60	.80
• GRA-Q5	23" x 23" Quad w/inset back-lit graphic	\$ 120	
• GRA-QTV19	23" x 23" Quad w/19" monitor cutout	\$ 110	
• GRA-QTV22	23" x 23" Quad w/22" monitor cutout	\$ 110	
• GRA-QTV42	L-shaped quad for 42" monitor (4 needed)	\$ 85	
• GRA-QKB	23" x 23" Quad w/keyboard cutout	\$ 110	1.65
• GRA-QRS	18" x 18" graphic on back of a 23" x 23" Quad	\$ 60	1.00

\*Standard Quads include printed colors, wood grains and Velcro-receptive fabrics. Call for availability and pricing on non-standard Quads.

---

### Lighting

• LF40MQ	50-watt wave spotlight w/MQ clamp	\$ 156	
• LF90	92" fluorescent light tree w/3 lights & MQ clamp	\$ 267	
• LF91	21" fluorescent light for up lighting podium	\$ 70	
• LF91MQ	21" fluorescent light w/MQ clamp system	\$ 80	
• LF92MQ	35" fluorescent light w/MQ clamp	\$ 85	
• MQ-LA1	replacement MQ clamp for LF40	\$ 40	
• MQ-LA2	replacement MQ clamp system for LF90	\$ 40	
• MQ-LA3	replacement MQ clamp system for LF91	\$ 40	
• MQ-LA4	replacement MQ clamp system for LF92	\$ 40	
• MQ-CF	Flat Canopy w/fabric cover & 4 disc lights	\$2,200	

\*MQ-CF Flat Canopy requires in-house custom fitting by ExpoDisplays.

---

### Cases/Crating

• SC50	wheeled flat shipping case	\$ 294	22
• Crate	wooden shipping crate w/custom partitions	CALL	
• SC5	cardboard frame box approx. 23" x 46"	\$ 10	1
• SC6	cardboard Quad box – approx. 23" x 23"	\$ 10	1

---

### Vertical Support Bars (VSB)

• MQ-VSB92	92" hinged vertical support bar	\$ 100	
• MQ-VSB46	46" vertical support bar	\$ 50	

\*VSBs are vertical beams used to support Quads in two-Quad wide frames. All towers and frames come with VSBs front and back except MQ-F24S and MQX-F24S which have a VSB on the front only.

---

## Frame Joiners/Connectors

- MQ-CC 46" corner connector w/2 thumbscrews \$ 30

\*MQ-CC is used to connect two MQ frames from the back at a 90 degree angle.

---

## SpiderMount™ Monitor Mounts/Accessories

- MQ-SM1Q SpiderMount for 1 quad wide frame (19" monitor) \$ 225 3
- MQ-SM2Q SpiderMount for 2 quad wide frame (22" monitor) \$ 225 3
- MQ-SMD SpiderMount DVD shelf for SM1Q or SM2Q \$ 100 3
- MQ-SMK SpiderMount Keyboard Shelf System \$ 225 3
- MQ-SM3Q SpiderMount for 2 quad wide frame (42" monitor) \$ 650

\*One Quad wide frames hold 19" Vizio monitors. Two Quad wide frames accept 22" Vizio monitors. A two Quad wide MAX frame holds a 42" monitor.

---

## Product Showcases

\*The MQ-SC1 fits in a 1 Quad wide section. The MQ-SC2 fits in a 2 Quad wide section.

---

## Counter Tops

- MQ-CT1223 laminated top, approx. 12" x 23" \$ 100 3
- MQ-CT1246 laminated top, approx 12" x 46" \$ 200 6
- MQX-CT2323 laminated top, approx 23" x 23" \$ 200 6
- MQX-CT2346 laminated top, approx 23" x 46" \$ 300 12
- MQ-CTPOD1 counter top for POD1 approx. 12" x 23" \$ 100 3
- MQ-CTPODL A long counter top for PODL1 w/butterfly latch \$ 110 3
- MQ-CTPODLB short counter top for PODL1 w/receptive latch \$ 110 3
- MQ-CTCC custom color laminate upgrade CALL N/A

\*Counter tops ¾" plywood w/black laminate. Custom laminate colors are available.

---

## Upgrades, Add-ons and Other Options

### Give Your MultiQuad™ Podium a Cool Glow

Substitute the standard podium shelf with a MQ-PODS1U Frosted Plex Shelf System (\$50) and add an LF91 Fluorescent Light (\$70) to add an upward glowing effect to your podium.

### Customize Your Podium Shelf Color

Upgrade your podium shelf using item MQ-SCCU (\$40) to match the Quads on your display (creates a solid, custom exhibit look) or to change to a completely different shelf color.

### Make Your Podium Counter Tops Distinctive

Item number MQ-CTCC is for changing your standard black laminated counter top to a custom color. Most vertical grade Pionite® and Wilsonart® laminates will work. Call for pricing and availability.

### Get Twice the Benefit From a Quad

Item number GRA-QRS (\$60) adds an 18" square graphic to the back side of a Quad. Use this to show visitors confidential or technical information when YOU are ready to show it. Use it to have photos at the show without cluttering your exhibit. Have a product or service on the front of the Quad and put the technical information or

pricing on the back. When you have an interested prospect, simply remove the Quad and show them the back. It's like a brochure without all the clutter or a price list that cannot end up in the hands of your competition!

#### Add Lights to Enhance Your Presentation

Item LF40MQ (\$156) is a modern style low voltage halogen light that adds warm, distinct lighting to your exhibit. This light easily attaches anywhere on the frame. The unique connection system is designed to attach from the inside of the frame for a finished look from the front. The adjustable-length arm and pivoting light head let you focus the light where you want to.

#### Back-light One or More Quads for Impact

Any place where a Quad attaches can easily become a back-lit graphic. Simply order GRA-Q5 (\$130) in place of a standard Quad, add an LF91MQ fluorescent light (\$80) and you have a back-lit graphic Quad. Don't like where you have the back-lit graphic? In less than a minute you can simply swap the back-lit Quad with another one, move the light and it is done!

#### Add a 42" Monitor to Your Exhibit

Any 2x4 MAX frame can use SpiderMount™ technology to safely hold a 42" monitor flush with the Quads so that only the monitor screen is visible. Order the MQ-SM3Q monitor mount (\$650) and replace four standard Quads with four GRA-QTV42 Quads (\$85 each). Add the 42" monitor (call for models that will work) and you have a BIG interactive presentation.
